

Public Notice – Environmental Permit

PURPOSE OF NOTICE: To seek public comment on a draft permit from the Department of Environmental Quality to limit air pollution emitted by a facility in Gloucester County, Virginia.

PUBLIC COMMENT PERIOD: March 7, 2013 to April 8, 2013.

PERMIT NAME: Federal Operating Permit issued by DEQ, under the authority of the Air Pollution Control Board.

NAME OF PERMIT APPLICANT: Waste Management Disposal Services of Virginia, Inc.

REGISTRATION NUMBER: 40920

FACILITYNAME/ADDRESS: Middle Peninsula Landfill and Recycling Facility
3714 Waste Management Way
Glenns, Virginia 23149

PROJECT DESCRIPTION: Waste Management Disposal Services of Virginia, Inc. has applied for a Title V permit renewal. The Waste Management Disposal Services of Virginia, Inc. Middle Peninsula Landfill and Recycling Facility will produce electrical power from landfill gas from the Middle Peninsula Landfill. This landfill gas is normally combusted in open flares located on the Middle Peninsula Landfill site and this electrical power generation is considered a beneficial use of the energy. The technology used to control the air pollution from the flares and eight (8) LFG generators includes the original manufacturers equipment and "good combustion practices." The estimated effect on air quality near the facility from the proposed project is to limit emissions below the Prevention of Significant Deterioration (PSD) major source threshold.

HOW TO COMMENT AND/OR REQUEST A PUBLIC HEARING: DEQ accepts comments and requests for public hearing by e-mail, fax or postal mail. All comments and requests must be in writing and be received by DEQ during the comment period. Submittals must include the names, mailing addresses and telephone numbers of the commenter/requester and of all persons represented by the commenter/requester. A request for public hearing must also include: 1) The reason why a public hearing is requested. 2) A brief, informal statement regarding the nature and extent of the interest of the requester or of those represented by the requester, including how and to what extent such interest would be directly and adversely affected by the permit. 3) Specific references, where possible, to terms and conditions of the permit with suggested revisions. A public hearing may be held, including another comment period, if public response is significant, based on individual requests for a public hearing, and there are substantial, disputed issues relevant to the permit. Contact for public comments, document requests and additional information:
